This will be the first race of its kind in the United States!

Be part of history in the making!

Our goal (after a few years of operation) is to try and send a qualifying contingency from the A.Q.A to compete in the European World Cup.

In order to be considered and qualify for the World Cup Event only sanctioned AQA race results will count.

You will see more and more of these Q races taking place, so please make sure you are a member of the AQA and the races are sanctioned.

Clubs can sanction their races by joining the AQA and/or contacting us at:

DoTheQ1@yahoo.com

For sanctioning information.
