

TOWN OF INLET

BUY A BENCH PROGRAM

Inlet is known for its small town atmosphere and friendly nature. To make browsing in downtown's shops more enjoyable, the Economic Development Committee of the Inlet Area Chamber of Commerce, Inc. came up with an idea in the spring of 2000 to place more benches around the community. The Town of Inlet continues this effort. The benches are an Adirondack style bench. They can be seen at ACE Hardware. To donate a bench to the town, fill out the form below and return it to the Information Office. **Donations of \$175 (as of June 17, 2016)** will include a bench, plaque, and staining of the bench. The Information Office will work in conjunction with the Town of Inlet and area businesses to determine the locations for the benches. Your input will be taken into consideration. The Town will then take responsibility of storing the bench in the winter and bringing it back out before summer begins. The Parks Department will do their best maintaining the bench and plaque, however, you may be contacted if the bench or plaque needs to be replaced.

You may select what you would like the placard on the bench to say. Samples include:

Memories are made
in the Adirondacks
Larry Baker

In Loving Memory of
Bob Jones

Questions? Call the Inlet Information Office at 357-5501 or 1-866-GO INLET.

INSCRIPTION (please print) if you need more room, please write on the back:

Purchaser's Name: _____

Address: _____
