

Public Parks

Arrowhead Park

160 Route 28

Dog walking section at the end of the parking lot, in front of the bath house and the Town Clerk has a water dish by the hose near her office.

Dogs are not allowed on the beach, however there is an area to the right that is still town property where you can launch a canoe or kayak and dogs are allowed in this area.

Dogs are welcome in the picnic area, the grassy area around the tennis courts and on the boardwalk, but not on the playground or the baseball field.

Dogs are also welcome in the Information Office, Town Clerk's Office, Codes Enforcement Officer/Assessor's Office and are welcome to check the Senior Room for pet lovers with possible treats.

Fern Park

11 Loomis Road (off South Shore Road, quick walk from Arrowhead Park)

Dogs are welcome in all areas of this park, which includes an enclosed pavilion that has a basketball court & bathrooms, playground, baseball field, basketball court, and access to miles of trails for hiking and mountain biking.

In the winter the pavilion is flooded for an ice skating rink, the trails are groomed for cross-country skiing and snowshoeing and there is a sledding hill.

Pet friendly indicates that animals will remain with their owners at all times on an appropriate leash.

Pet Friendly restaurants means **outdoor seating only** in designated area.

Please remember to keep your pet up to date on vaccines and obey all local leash laws.

The Town of Inlet has an ordinance which requires any dog to be restrained by means of a suitable leash when permission has not been granted otherwise by the property owner.

New York State Health Department does not allow animals inside any restaurant unless they are a certified service dog.
